

SUMMER S.T.E.A.M. CAMP At St. Thomas Episcopal School

FULL S.T.E.A.M. AHEAD!

It's full S.T.E.A.M. ahead in this exciting summer camp featuring science, technology, engineering, art & movement. Students explore each subject daily in hands-on activities sure to ignite their curiosity. We will design catapults, propeller cars & roller coasters as we explore Newton's Laws in our engineering lab. Campers will investigate chemical properties & cataclysmic reactions as mad scientists and crazy chemists! We will enjoy daily art lessons through mixed mediums of paint, pastel, & clay modeling! Each day we will break for our fitness activities focusing on sports & wellness. This well-rounded camp is perfect for keeping little minds and bodies active during the summer!
